BIP Democracy in Space

Research: gathering and collecting information

Discussion / Brainstorming: developing the concept and design

Design: creating a proposal for a pavilion, object, or installation

Implementation: collaboratively creating the “Manifesto of Democracy” – hands-on collective work

Final Exhibition: presenting the outcomes of the workshop

Workshop Outcomes:

A collective architectural-artistic output in the form of a pavilion, object, or installation

The “design and build” workshop outcome will be a realized pavilion, spatial structure, object, or installation representing the results of the collaborative process
